DETAILED ACTION

Specification

The specification is objected to because the customary U.S. patent headings are missing, i.e., "Background of the Invention," "Brief Description of the Drawings," etc.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation of "it" in lines 8, 22, 24 and 26 of claim 1 is indefinite. In lines 8, 14 and 18 of claim 1, "the said" is indefinite and should be recited as either "the" or "said." In lines 15 and 21 of claim 1, "means forming a solenoid" is vague and indefinite. In claim 3, "the upper jamb," "the side walls," and "the lower jam" lack antecedent basis. In claim 7, "the washer" lacks antecedent basis.

Allowable Subject Matter

Claims 1-10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
